the European Union DESP Use Cases - ESA ESRIN ITT A0/1-11412/22/I-NS"

Implemented by

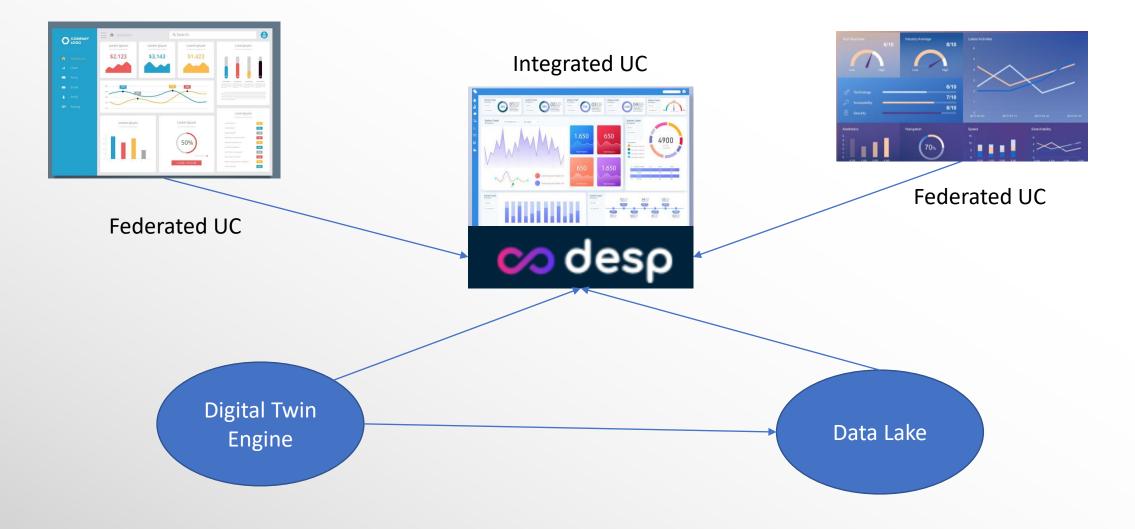

## Destination Earth | Use cases Destine DESP Use Cases

- Demonstrate the value added by DestinE in general and DESP in particular at providing actionable information and decision support on themes linked to the Green Transition and Digital transformation
- Make use of DESP and DestinE specific data
- based on operational or preoperational software
- no overlap with use cases already procured by other EE
- Support co-development and codesign from the relevant community
