1st DestinE Community Meeting

26 - 26 Mar 2024

Poll results

Table of contents

- What motivated you or motivates you to join the DestinE community?

- If there is anything else that motivates you to join the DestinE community that wasn't mentioned, please share with us.

- What are your expectations from the DestinE community and related events?

- What are your key needs related to DestinE community?

- What are the main challenges that have to be overcome for you to engage with the DestinE community?

- What do you think would motivate you to be part of the DestinE community?

- How would you expect your contribution to be recognized by the community?

- How often would you like to interact with the DestinE community?

- What kind of engagement would you prefer to have within the community?

- Any other engagement methods you would prefer to have within the community that wasn't mentioned previously?

- If you have you been part of other communities in the past, what would you say made your participation a worthwhile activity?

What motivated you or motivates you to join the DestinE community?

0 5 3

Interest in climate change and environmental issues

19 %

Professional or academic interest in digital twins and modeling

77 %

Curiosity about the DestinE initiative and its capabilities

4 %

If there is anything else that motivates you to join the DestinE community that wasn't mentioned, please share with us.
(1/3)

`0` `2` `5`

- federation of GIS + computational models modules
- Initiate a new use case in climate risk
- Interest in applied remote sensing to land use change
- interoperability with other Digital Twin initiatives
- Innovation visualization 3D/4D for models
- Create answers that can be used by the general population to be better equiped to solve a global problem collectively
- This is important work - and for the first time being funded by organisations that have provided the financial, sci/tech & experiential resources to build something at a scale that will support more than economic interests, but social too.
- Natural disaster mitigation
- Exchange technical/innovative experiences with colleagues abroad
- X
- Interoperability with our

If there is anything else that motivates you to join the DestinE community that wasn't mentioned, please share with us.
(2/3)

0 2 5

existing EO platforms

- Digital modelling can provide innovative insight regarding climate change and atmoshperical dynamics
- Development of operational products
- how Earth observation data and AI can support DestinE
- Nothing specific, but we would like to engage with DestinE to see how we can use it as a part of our offerings
- Build expertise to better

serve the industry as well as improving our products & services

- Air pollution modelling
- Understanding the capabilities of DestinE and how it can assist with the research.
- Digital twin & climate
- Communicating about climate change
- I am interested in digital twins to model exposure to natural disasters, namely building exposure

If there is anything else that motivates you to join the DestinE community that wasn't mentioned, please share with us.
(3/3)

0 2 5

- Specific interest in land use modelling.
- Links (if any) with European Common Data Spaces
- Also interest in climate change fight and strategy
- basically all the three

What are your expectations from the DestinE community and related events?

`0` `3` `0`

online training

technical updates

support

reachning more users

realistic UC to be impl.

Sharing

Understanding practical examples knowledge sharing

Roadmap

vision and roadmap

What are your key needs related to DestinE community?

028

information integration

DT Engine Capabilities   marketplace   Tech support   forum of discussion

Bringing in Real Users   standards

Engagement   Use DestinE services   tutorial   Bringing real users

Documentation

Sample data sets   tutorials   guidelines   webinaires   knowledge sharing

examples   Clear user guide   tutorial notebooks

ML models   technicalities   Expertise

Digested information

What are the main challenges that have to be overcome for you to engage with the DestinE community?

`0` `2` `3`

cross-functional knowledg

Finding the right palce

what platform do I need?

straight to the point

Perceived complexity

investment in time

Information

events

standards

find an entry point

Capacity (time)

IPR

Contacts

undertand how to cooperat

specifics on use

reference people

No clear path

What do you think would motivate you to be part of the DestinE community?

`0` `2` `7`

having an active role

Visibility of services

learn from other users

Business opportunity

Develop new solutions

Joint Publicaitons

understanding options

sustainability

Repeatablility of uses

expertise

Recognition

role in the value chain

to be assigned a task!!

bring real users

less bureaucracy, clarity

Involved in 1 thematic

Bring real new users

How would you expect your contribution to be recognized by the community?

Expert of 1 thematic   Acknowledgement in report

communication of our DT   Pubblications

Publication

expert recognition   industry expert

citations   new collaborations   Social medi

Publications

Public profiles

As a service provider

News about it

Visibility

Liaising with initiatives   As an Experts

How often would you like to interact with the DestinE community?

`0` `3` `7`

Twice a month

14 %
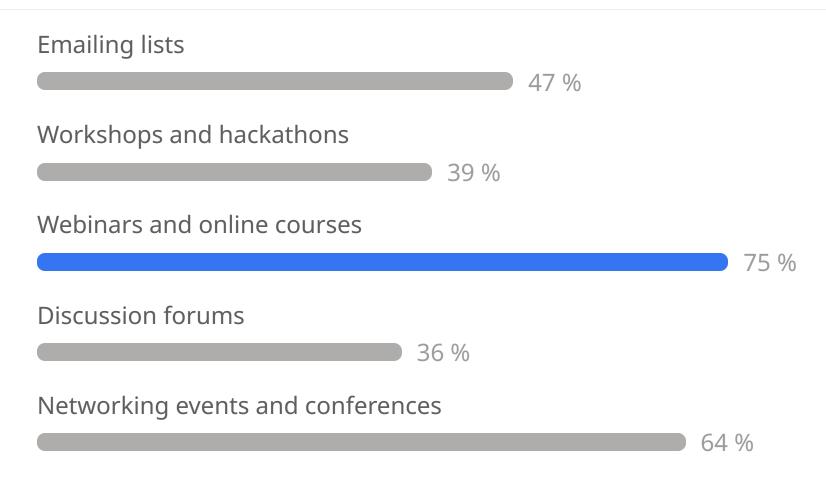

Once a month

57 %

Once bimonthly

16 %

Once every three months

8 %

Once every semester

5 %

What kind of engagement would you prefer to have within the community?

`0` `3` `6`

Emailing lists

47 %

Workshops and hackathons

39 %

Webinars and online courses

75 %

Discussion forums

36 %

Networking events and conferences

64 %

Any other engagement methods you would prefer to have within the community that wasn't mentioned previously?

`0` `1` `4`

DestinE CommunityPlatform

github

Gitlab

Importan impact outputs

Slack channel

Social engagement

Contact w other community

Summer Schools

knowledge sharing
